| About Your Self

As a dedicated professional with a strong foundation in software engineering, I am passionate about leveraging my skills to drive innovation and success within forward-thinking companies. With 4 years of experience, I have honed my ability to key skills i.e. solve complex problems, lead cross-functional teams and am eager to advance into a leadership role where I can make a meaningful impact. My career plan is focused on becoming a leader in software field, with a particular interest in contributing to the vibrant community in Kagoshima and Japan. I see tremendous opportunities to bring fresh perspectives and global insights to the local market, and I am excited about collaborating with globalgeeks to enhance product offerings, expand market reach, and drive sustainable growth. I am committed to continuous learning and look forward to contributing to globalgeeks and others company and being part of Japan's exciting future.
